TIPS

***Keep all graded work.** Do not throw away graded work until AFTER you receive your report card. It is possible for mistakes to be made when entering grades on the computer. Having the graded assignments helps to remedy this.

GRADES

Grades will be available in the **Edupoint Home Portal**. Check the portal frequently and feel free to ask questions about any assignments.

*If you are absent, make sure to check with Mrs. Stafford the next day.

*Students will complete a science fair project. The project must be completed to earn the additional +3 points to your average as well as two test grades.

WORK & OTHER POLICIES

*Late work is accepted within a reasonable time with a penalty. 30% will be deducted when late work is turned in. Late work will be entered in Edupoint when I am able to get to it.

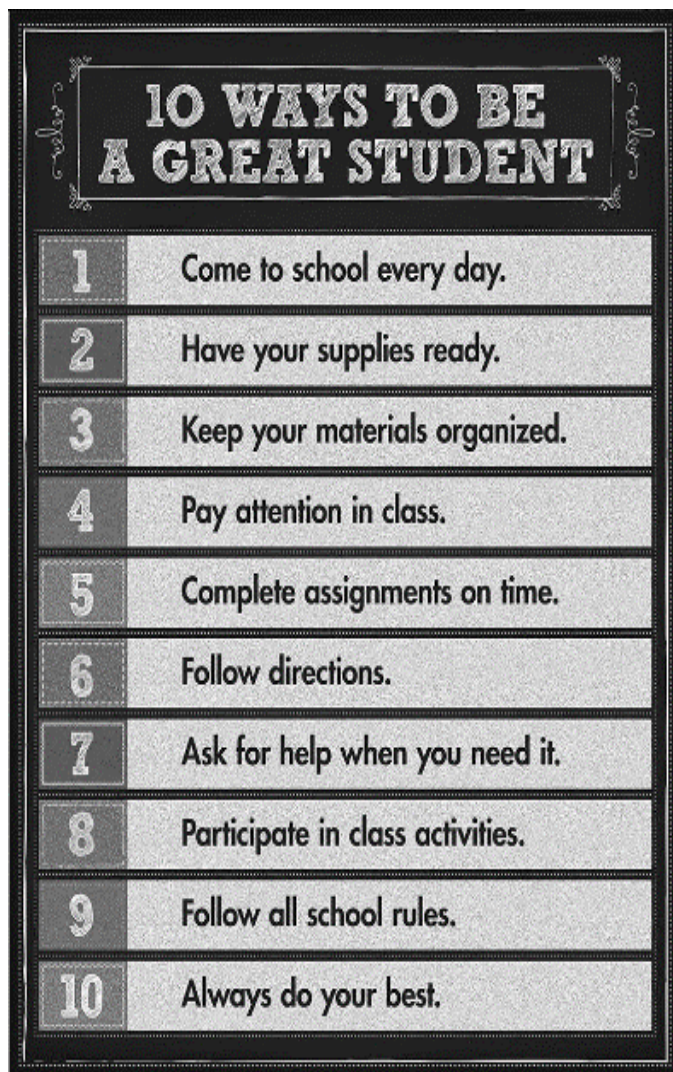

* **Life Happens!** If you are having issues at school or at home and realize that you need more time to complete your absolute best for me, email me and request an extension. **You must come talk to me or email me the DAY BEFORE** for the extension to be granted. You cannot come in 5 minutes before class without your assignment and expect an extension.

***Cheating will not be tolerated.** Cheating will result in an automatic zero and parent contact.

***Cell phones are only allowed out in class with permission of Mrs. Stafford and for educational purposes only.**

MRS. STAFFORD'S RULE

Be respectful of all those around you and your environment.

Please sign that you have read and understand the expectations for Mrs. Stafford's Chemistry class. Please feel free to contact me at any time for questions or concerns. Once I have checked the parent and student signature, the syllabus will be returned to the student to be placed in his/her notebook.
